DOL/OSHA COMPLETION CARDS

Utilizing its record-keeping system, ClickSafety will report to OSHA the individuals who have successfully completed each course to the DOL. The DOL/OSHA Completion Cards will be sent to ClickSafety for signature and mailed directly to the student (cards typically arrive within four to six weeks after the successful completion date).

OSHA Authorized Courses

Overview

OSHA implemented an Outreach Training Program that has proven to be highly successful in reducing the number of on-the-job accidents. According to OSHA, the Outreach Program is their “primary way to train workers in the basics of occupational safety and health”. Our OSHA 10- and 30-Hour courses are online versions of OSHA’s successful program. The courses are designed to provide instruction on a variety of occupational safety and health practices that employees can use at their workplaces.

Online OSHA training is an excellent way to ensure that employees have been properly trained on important safety and health matters at their work sites. ClickSafety, an OSHA-authorized Outreach Training Program online provider, offers online training courses that employees can access 24-hours per day, 7 days per week. Online training offers many advantages such as reduction of training costs, ease of use, flexibility of when you train, consistency and retention.

OSHA 10-Hour Construction: (Also Available in Spanish)

- ✓ Introduction to OSHA
- ✓ Focus Four Hazards and Preventative Measures Topics:
 - Fall Hazards
 - Electrocution Hazards
 - Caught-In or -Between
 - Struck-By
- ✓ Personal Protective Equipment (PPE)
- ✓ Health Hazards in Construction
- ✓ Excavation Safety
- ✓ Materials Handling, Storage, Use...
- ✓ Scaffolds
- ✓ Stairway and Ladders
- ✓ Tools - Hand and Power
- ✓ Leading Cultural Change

Cal/OSHA 10-Hour: (Also Available in Spanish)

- ✓ Introduction to Cal/OSHA
- ✓ Focus Four Hazards and Preventative Measures Topics:
 - Fall Hazards
 - Electrocution Hazards
 - Caught-In or -Between
 - Struck-By
- ✓ Personal Protective Equipment (PPE)
- ✓ Health Hazards in Construction
- ✓ Excavation Safety
- ✓ Materials Handling, Storage, Use...
- ✓ Scaffolds
- ✓ Stairway and Ladders
- ✓ Tools - Hand and Power
- ✓ Leading Cultural Change

OSHA 10-Hour General Industry:

- ✓ Introduction to OSHA
- ✓ Walking & Working Surfaces/Fall Protection
- ✓ Exit Routes, Emergency Action Plans, Fire Prevention Plans, Fire Protection
- ✓ Electrical Safety
- ✓ Personal Protective Equipment (PPE)
- ✓ Hazard Communication (HAZCOM)
- ✓ Hazardous Materials
- ✓ Material Handling
- ✓ Machine Guarding
- ✓ Safety & Health Program
- ✓ Ergonomics
- ✓ Leading Cultural Change

OSHA 10-Hour Road Builder: (Also Available in Spanish)

- ✓ Introduction to OSHA
- ✓ Focus Four Hazards and Preventative Measures Topics:
 - Fall Hazards
 - Electrocution Hazards
 - Caught-In or -Between
 - Struck-By
- ✓ Personal Protective Equipment (PPE)
- ✓ Health Hazards in Construction
- ✓ Cranes, Derricks, Hoists, Elevators, Conveyors, Mechanized Equipment
- ✓ Excavations & Trenching
- ✓ Roadway Work Zones
- ✓ Night Work

SAFETY IS NOT OPTIONAL

Through interactive safety training, ClickSafety provides the required knowledge to achieve worker safety and regulatory compliance.

LEADERSHIP – OSHA-authorized and the first online provider of both OSHA 10- and OSHA 30-hour courses

KNOWLEDGE – Over 300 courses with 70 in Spanish - extensive course curriculum to enhance safety training

EXPERIENCE – Construction, Environmental and General Industry Expertise

GUIDANCE – Contractor Training Portal and Online University

- ✓ Permit Required Confined Spaces
- ✓ Lockout/Tagout-Controlling Hazardous

OSHA Requirements

The user must pass every lesson and the final exam with a minimum score of 70%. The maximum number of attempts allowed for any topic exam and/or the final exam is three (3). Less than 70% correct requires the user to repeat the exam. All OSHA Authorized Courses are timed per OSHA guidelines. OSHA requires 30-hour training to be completed within 6 months from the start date.

Key new OSHA requirements as of 4-1-12 established for online safety training include:

- All OSHA 10-hour courses require completion within 3 months from the start of the course.
- All courses require Authentication of the students identity at the beginning of the course and randomly each hour until the course completion.
- Supportive Learning Environment provides immediate constructive feedback during the test & quiz sections for any incorrect answers with the correct answer shown, detailed descriptions, and contextual explanation of the correct answer.
- All OSHA courses must be purchased through an OSHA authorized Outreach Training Provider. Per OSHA: Reselling of any kind is expressly forbidden.
